

Phase III - Telephone Survey (continued)

- When making decisions to add new programming, this type of research is commonly used by the cable industry and Times Mirror Cable Television. Since the only exposure to the programming is a positioning statement, it has been our practice to consider adding services with appeal to at least 50% of the customer base. Therefore, based on TMCT's programming research standards, the stations which qualify for must carry status would, under normal circumstances, not be considered for carriage based on this consumer research.

INTEREST IN CABLE CHANNELS (BASED ON A FIVE POINT SCALE)

	Very/Somewhat Interested	Very/Somewhat Uninterested
TBS	88%	13%
WGN	82%	19%
OCN	79%	20%
American Movie Classics	74%	25%
The Family Channel	72%	27%
VH-1	65%	34%
Bravo	64%	35%
C-SPAN	59%	41%
The Weather Channel	55%	45%
CNBC	55%	43%
MTV	53%	48%
The Movie Channel	49%	50%
Cinemax	45%	54%
Continuous Hits	39%	60%

- The cable channels were tested in the same format as the must carry stations. Respondents were read a brief positioning statement and asked how interested they were in having the channel available. The data reveals that strong interest was garnered by TBS, WGN, OCN, AMC, The Family Channel, VH-1 and Bravo. Moderate interest was noted for The Weather Channel, CNBC and MTV. Low interest scores were awarded to The Movie Channel, Cinemax and Continuous Hits (pay-per-view).

Phase III - Telephone Survey (continued)

When examining the scores in more detail, it should be noted that the channels customers pay extra for (e.g., premium and pay-per-view channels) are of least interest to the overall customer base. However, among premium subscribers, interest is substantially higher ("Very/somewhat interested": The Movie Channel 55%, Cinemax 54%).

- A comparison of the scores awarded to the must carry channels and those achieved by the cable networks cannot be made with absolute confidence due to the fact that the cable channels are currently available and viewed, while respondents have had little, if any, experience with the broadcast stations. However, the gap between the range of interest scores (must carry: 12% - 26% versus cable :39% - 88%) is so large, a conclusion can be inferred that the programming offered on the must carry stations is of little interest to cable subscribers in the Irvine/Newport Beach/Tustin franchise area.

CONSIDER DISCONNECTING CABLE IF "MUST CARRIES" REPLACED MOST/LEAST INTERESTED CHANNELS (BASED ON A TEN POINT SCALE)

	Would not consider (Bottom 3 responses)	Would consider (Top 3 responses)
6 channels replaced were those most of interest to me of the 14 tested	22%	46%
6 channels replaced were those least of interest to me of the 14 tested	56%	16%

- From the consumer's perspective, nearly half would consider disconnecting cable altogether (46%) if the six stations eligible for must carry status replaced the six channels they had rated with high interest. And, a substantial percentage would consider dropping cable even if the six must carries replaced cable channels they were less interested in (16%).

Phase III - Telephone Survey (continued)

**SATISFACTION WITH CABLE IF "MUST CARRIES"
REPLACED MOST/LEAST INTERESTED CHANNELS
(BASED ON A FIVE POINT SCALE)**

	Satisfaction would increase (Top 2 responses)	Satisfaction would decrease (Bottom 2 responses)
6 channels replaced were the most of interest to me of the 14 tested	6%	58%
6 channels replaced were the least of interest to me of the 14 tested	16%	26%

- Satisfaction ratings parallel the findings on likelihood of disconnecting. Impressions of cable satisfaction would decrease for six out of ten people (58%) if the must carry stations replaced their most highly rated "interest" channels. And, one quarter (26%) stated their satisfaction with cable would decrease even if the six replacements were those they were least interested in of those tested.

In either scenario, satisfaction with cable will be severely effected with the addition of the stations eligible for must carry carriage.

**LINE UP PREFERENCE IF MUST CARRIES
REPLACED MOST/LEAST INTERESTED CHANNELS
(BASED ON A FIVE POINT SCALE)**

	Make the changes	Keep current line up
6 channels replaced were those most of interest to me of the 14 tested	20%	78%
6 channels replaced were those least of interest to me of the 14 tested	25%	73%

- Whether or not must carry stations replace cable services customers are very interested in or not particularly interested in, customers prefer to keep their line up in the current configuration without adding channels eligible for must carry status.

As you may have heard by now, Congress has recently passed legislation which imposes additional regulations on cable television. One of the new regulations will most likely have the effect of increasing the number of over-the-air channels that are carried by your local cable company, with the resulting loss of some of the special cable channels you currently receive. Your household has been specially selected to help determine Dimension C's channel lineup in the future.

I am going to read you descriptions of some broadcast channels you do not currently receive but that might become a part of your channel lineup. For each one, please tell me how interested you are in having that channel available to you as a source of programs for your viewing enjoyment. ¶ The (first/next) one is (READ CHANNEL NAME & DESCRIPTION). Are you interested or uninterested in having (READ CHANNEL NAME) available? (OBTAIN RESPONSE TO ASK) Are you very or somewhat (interested/uninterested)? (READ EACH CHANNEL AND MARK ONE ONLY FOR EACH REPEAT LEAD-IN AND CHOICES AS NECESSARY. DO NOT READ "NEITHER" OR "DON'T KNOW" BUT ALLOW FOR RESPONSE TO ROTATE LIST.)

CHANNEL DESCRIPTIONS FOR QUESTION 1:

- KSCI** - Broadcast channel 18 from San Bernardino, is an independent television station which provides programming in 17 different Asian, Middle Eastern and European languages. Programming on the channel includes news, variety shows, dramas, sports, feature films and special events.
- KMEX** - Broadcast channel 34 from Los Angeles, is an independent television station which provides Spanish-language programming exclusively. Its programming is both locally and internationally produced, and includes variety, movies, sports and news.
- KTBN** - Broadcast channel 40 from Santa Ana, provides programming from the Trinity Broadcast Network. Its programming is religious in orientation and includes shows for children, the 700 Club and inspirational worship.
- KVEA** - Broadcast channel 52 from Corona, is a television station which provides Spanish-language programming from the Telemundo television network. Its programming includes variety, movies, sports, and local and national news.
- KLCS** - Broadcast channel 58 from Los Angeles Unified School District, has classroom programming throughout the day. It also features children's shows, teacher training and LA school board meetings.
- KRCA** - Broadcast channel 62 from Riverside, is an independent television station which provides foreign language, religious, financial, children's and other shows including local Riverside public affairs programming.

2. Next I am going to read you the names and brief descriptions of 14 of the cable channels you currently use. CHANNEL DESCRIPTIONS FOR QUESTION 2:

=====

- WGN - Channel 8, is the independent Chicago television station that features old and classic movies, reruns network television programs and Chicago Cubs games.
- TBS - Channel 12, this superstation is the Atlanta television station that features old and classic movies, reruns of network programs and Atlanta Braves and Hawks games.
- CNBC - Channel 14, Consumer News and Business Channel - features business information, personal financial planning advice and consumer-oriented programming.
- The Family Channel - Channel 20, offers family programming including dramas, classics, movies, children's and religious programming.
- The Weather Channel - Channel 26, is the channel that features national, regional, and local weather forecasts, and other weather related information.
- Orange County News Channel - Channel 27, offers 24 hours of local and national news, weather and sports for residents of Orange County.
- VH-1 - Channel 29, Video Hits 1, provides video music and entertainment. Programming includes contemporary and classic hit videos, nostalgia and entertainment news.
- MTV - Channel 30, Music Television, a video music channel featuring today's hottest rock groups plus interviews and concerts.
- C-SPAN - Channel 33, the channel that provides live coverage of the U.S. House of Representatives and other public affairs programming.
- Cinemax - Channel 35, is a premium movie channel offering over 125 movies a month including current hits, classic and foreign films. This service costs about \$8.00 a month.
- The Movie Channel - Channel 36, a 24-hour premium movie service offering blockbuster hits, classics, film festivals and movie marathons. This service costs about \$8.00 a month.
- AMC - AMC, American Movie Classics, Channel 37, features uncut commercial-free classic movies from the '30s through the '70s and series and specials highlighting the Golden Age of Hollywood.
- Bravo - Channel 38, offers foreign films, classic movies, live performances and cultural programming — all commercial free.
- Continuous Hits - Pay-per-view, Channel 99, offers one hit movie a week running continuously throughout the day and night.

- 3 As I mentioned earlier, new cable regulations have been passed by Congress which require that your cable company carry all of the broadcast channels available in your local market that choose to be carried. The ones that you evaluated a few minutes ago are all in your local market, and will all be carried by your cable company starting June 2nd. To make room for those six new channels, six of the 14 cable channels we just discussed will have to be removed from the channel lineup. This research is being used to help determine which six channels will be selected, so we do not know as yet which six they will be. We do know, however, that they will all come from the ones we just discussed.
